

We are excited to announce the New Jaggaer eProcurement solution for DCCCD, Total Supplier Manager Is Here!

DCCCD is in transition from the legacy Bidder Registration system to a new Jaggaer eProcurement solution. All **New Suppliers** are requested to register as a **Potential Supplier** in our new Total Supplier Manager system by clicking on

<https://solutions.sciquest.com/apps/Router/SupplierLogin?CustOrg=DCCCD>

TSM is here and ready for use:

- **Update** and maintain supplier's information
- **Simple**, web-based portal where suppliers will answer questions and provide important information
- **Enhanced** ability to identify and assist suppliers for registration, maintenance, and shopping
- **Automated** supplier management process

The current DCCCD Bidder Registration system will remain active for suppliers who want to continue receiving bid information. However, coming within the next few months will be Sourcing Director. An automated sourcing solution that will allow sourcing projects/events (RFQ's, RFP's, RFB's, and RFI's) electronically (download, manage, and upload directly to the new system). Please stay tuned for more direction and information.
