The Bachelor of Science in Global Business (BS in GB) at the Naveen Jindal School of Management is a 120 semester credit hour degree program that caters to students who seek to focus their business study on the global dimensions. The program provides students with the knowledge and skills required for succeeding in global business strategy. Upon completion of the degree program, students have developed a strong knowledge of:

- Cultural, political and regulatory environments
- International business environments and financial markets
- Cross-cultural communication and negotiation
- International human resources management

The Global Business degree is an excellent choice for students looking for a career in management, government institutions, and international agencies. Typically, global business graduates begin their careers in the domestic operations within an organization and later with an overseas assignments.
